

Income tax return and benefits

Personal Income Tax

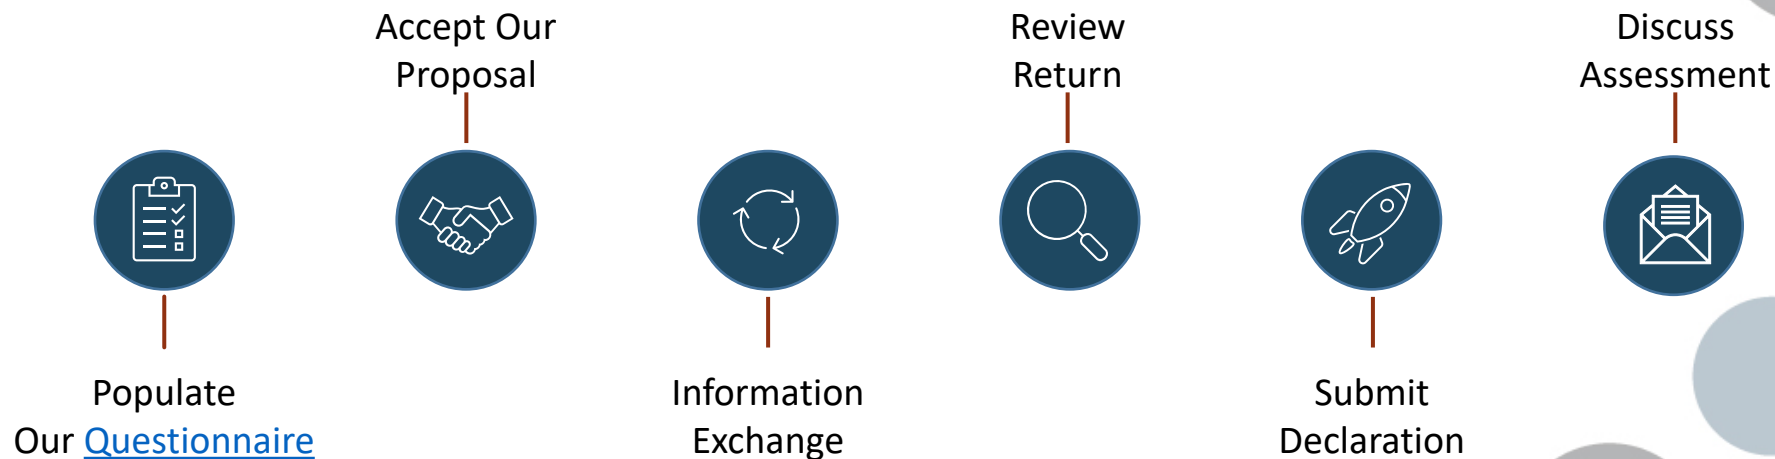

What you need to know

When you live or work in the Netherlands you are liable to Dutch income tax. By filing your income tax, you can determine whether you are entitled to a tax refund or have to pay additional tax.

Our role is to take care of the tax return and explain the details of your declaration. We will ensure you stay compliant and point out possible optimizations and make sure that you collect any existing refund from the Dutch tax office.

Our Process

Straightforward and simple

Benefits

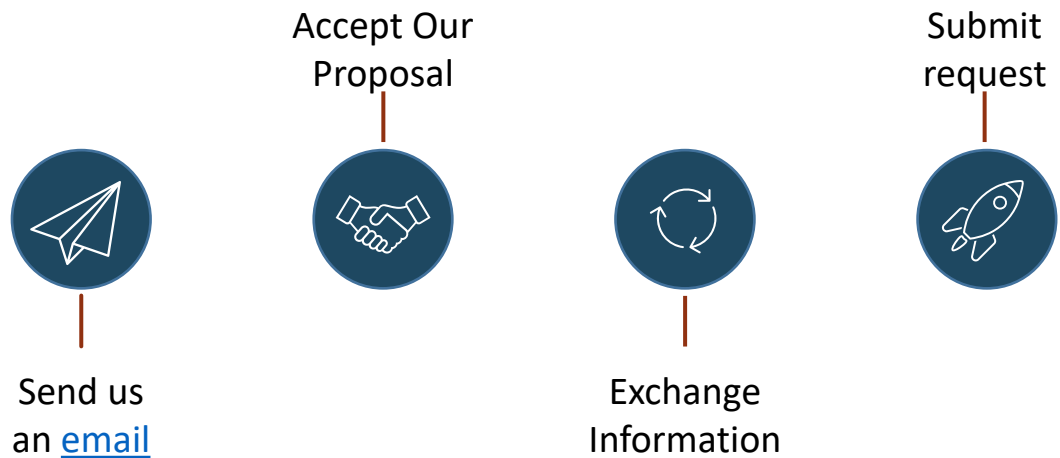

What you need to know

You may be entitled to benefits. This depends on your income and your personal situation. We can assist with determining what benefits apply to your situation and apply for these benefits.

The most common benefits are child benefits, daycare allowance, health care allowance and rent allowance. The last two are for people with a relatively low income and are often out of scope.

Our Process
